|-----------|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|---------------------|-------------|
| 1         | TIA-455-62-C     | IEC-60793-1-47 Optical Fibres - Part 1-47: Measurement Methods and Test Procedures- Macrobending Loss                                                                                                                      | 2020        | TIA                 |             |
| 2         | TIA-455-67-B     | IEC-60793-1-51 Optical Fibres - Part 1-51: Measurement Methods and Test Procedures- Dry Heat                                                                                                                               | 2020        | TIA                 |             |
| 3         | TIA-455-74-B     | IEC-60793-1-53 Optical Fibres - Part 1-53: Measurement Methods and Test Procedures- Water Immersion                                                                                                                        | 2020        | TIA                 |             |
| 4         | TIA-455-78-C     | IEC-60793-1-40 Optical Fibres - Part 1-40: Measurement Methods and Test Procedures- Attenuation                                                                                                                            | 2020        | TIA                 |             |
| 5         | TIA-455-80-D     | IEC-60793-1-44 OPTICAL FIBRES- PART 1-44: MEASUREMENT METHODS AND TEST PROCEDURES- CUT-OFF WAVELENGTH                                                                                                                      | 2020        | TIA                 |             |
| 6         | TIA-455-82-C     | FOTP-82 Fluid Penetration Test for Fluid-Blocked Fiber Optic Cable                                                                                                                                                         | 2020        | TIA                 |             |
| 7         | TIA-455-122-C    | IEC-60793-1-48 Optical Fibres - Part 1-48: Measurement Methods and Test Procedures- Polarization Mode Dispersion                                                                                                           | 2020        | TIA                 |             |
| 8         | TIA-455-160-B    | EC-60793-1-50 Optical Fibres - Part 1-50: Measurement Methods and Test Procedures- Damp Heat (Steady State)                                                                                                                | 2020        | TIA                 |             |
| 9         | TIA-455-175-C    | IEC-60793-1-42 Optical Fibres - Part 1-42: Measurement Methods and Test Procedures- Chromatic Dispersion                                                                                                                   | 2020        | TIA                 |             |
| 10        | TIA-455-176-B    | IEC-60793-1-20 Optical Fibres - Part 1-20: Measurement Methods and Test Procedures- Fibre Geometry                                                                                                                         | 2020        | TIA                 |             |
| 11        | TIA-455-177-C    | IEC-60793-1-43 Optical Fibres - Part 1-43: Measurement Methods and Test Procedures- Numerical Aperture                                                                                                                     | 2020        | TIA                 |             |
| 12        | TIA-455-191-C    | Adoption of IEC-60793-1-45 Optical Fibres- Part 1-45: Measurement Methods and Test Procedures- Mode Field Diameter                                                                                                         | 2020        | TIA                 |             |
| 13        | TIA-455-244-A    | Methods for Measuring the Change in Transmittance of Optical Fibers in Expressed Buffer Tubes When Subjected to Temperature Cycling                                                                                        | 2020        | TIA                 |             |
| 14        | TIA-492AAAF      | Detail Specification for Class 1a Graded- Index Multimode Optical Fibers; Modification of IEC 60793-2-10:2019, Optical Fibres- Part 2-10: Product Specifications- Sectional Specification for Category A1 Multimode Fibres | 2020        | TIA                 |             |
| 15        | TIA-492CAAC      | Sectional Specification for Class B Single-Mode Optical Fibers                                                                                                                                                             | 2020        | TIA                 |             |
| 16        | TIA-568.2-D-2    | BALANCED TWISTED-PAIR TELECOMMUNICATIONS CABLING AND COMPONENTS STANDARD                                                                                                                                                   | 2020        | TIA                 |             |
| 17        | TIA-568.0-E      | Generic Telecommunications Cabling for Customer Premises                                                                                                                                                                   | 2020        | TIA                 |             |
| 18        | TIA-568.1-E      | Commercial Building Telecommunications Infrastructure Standard                                                                                                                                                             | 2020        | TIA                 |             |
| 19        | TIA-4950-B       | Requirements for Battery-Powered, Portable Land Mobile Radio Applications in Class I, II, III, Division I, Hazardous (Classified) Locations                                                                                | 2020        | TIA                 |             |
| 20        | TIA-102.AACA-A-1 | PROJECT 25 DIGITAL RADIO OVER-THE-AIR-REKEYING (OTAR) MESSAGES AND PROCEDURES                                                                                                                                              | 2020        | TIA                 |             |
| 21        | TSB-102-D        | Project 25 TIA-102 Documentation Suite Overview                                                                                                                                                                            | 2020        | TIA                 |             |
| 22        | TSB-5069         | Optical Fiber Channel Polarity- Duplex-Single and Dual Row Fiber                                                                                                                                                           | 2020        | TIA                 |             |
| 23        | TIA-TSB-184-A-1  | Guidelines for Supporting Power Delivery Over Balanced Twisted-Pair Cabling- Addendum 1 - use of 28 AWG cords                                                                                                              | 2019        | TIA                 |             |
| 24        | TIA-4986         | LAES for cdma2000 Femtocells                                                                                                                                                                                               | 2019        | TIA                 |             |
| 25        | TIA-10           | Interference Criteria for Microwave Systems                                                                                                                                                                                | 2019        | TIA                 |             |
| 26        | TIA-102.AABC-E   | Project 25 Trunking Control Channel Messages                                                                                                                                                                               | 2019        | TIA                 |             |
| 27        | TIA-607-D        | Generic Telecommunications Bonding and Grounding (Earthing) for Customer Premises                                                                                                                                          | 2019        | TIA                 |             |
| 28        | TIA-1072-A       | LAES for cdma2000 Push-to-Talk over Cellular                                                                                                                                                                               | 2019        | TIA                 |             |
| 29        | TIA-455-171-B    | FOTP-171 Attenuation by Substitution Measurement for Short Length Multimode Graded Index and Single-Mode Optical Fiber Cable Assemblies                                                                                    | 2019        | TIA                 |             |
| 30        | TIA-102.AAAB-B   | Project 25 Security Services Overview                                                                                                                                                                                      | 2019        | TIA                 |             |

|    |                     |                                                                                                                                                                                                                                                                 |      |     |   |
